

Dear _____,

My name is _____ and I am running for the position of _____ in the 2016 Western University Students' Council election. I am hoping to visit your apartment/town house/condominium complex on _____ to speak to your tenants about my candidacy.

If this is something that you permit in your building, what would be the specific time frame that I would be permitted to enter? Additionally, how many volunteers would you permit me to bring during my visit to your building? Lastly, granted you permit me entry into your building, do you have any specific building rules that I should be aware of during my visit?

I look forward to hearing from you either way.

Kind regards,
